

## Neosho School Notes

From Mr. Rice

2/19/10

Hi Parents... .. a few important notes this week.

### **Everyday Math Series**

We are seeing positive signs in math performance with our new math series! Students and teachers are working hard adjusting to the series and math scores in grades 3-7 are showing that it's worth it! Improvement is measured by our weekly web-based assessment program called **Yearly Progress Pro**.

Thank you for supporting math learning at home with the Student Reference Book and by using online resources...

**[www.everydaymath.com](http://www.everydaymath.com)** (see Parent Connection at bottom of page)

OR

**[www.everydaymathonline.com](http://www.everydaymathonline.com)** (for math games and other important information)

### **21<sup>st</sup> Century Skills**

Enclosed is an update from the Hartford Area Business Forum. This group consists of business people, parents and educators who discuss 21<sup>st</sup> Century Skills in the workplace and what this means for students and educators. The group is always looking for people with experiences to share about the changing world of work. If this interests you, please let me know.

### **Chili Contest!**

We need more chili cookers!! See the information enclosed.

### **HAPI DAY!**

The annual Hartford Area Professional In-Service Day is Monday, March 1. There is no school that day.

### **Art Club!**

Sign-up for next Wednesday's Art Club in the office!
