

Neosho School Notes

11/20/2009 from Mr. Rice

HAPPY THANKSGIVING!

Hi Parents and Students!

We just completed a very successful first quarter and we're off and running into the 2nd quarter with basketball practices, a new quarterly theme of "caring" and, of course, the holidays!! As you look ahead, mark your calendars for the annual **Christmas Program on December 15th @ 2:00pm and 7:00pm.** The students are learning their holiday songs, practicing their instruments with dedication, and getting ready to give us the sweetest Christmas gift of all.....the joy of children! More specific information about the program will be coming home after Thanksgiving.

If you turn this over, you'll see the **1st Quarter HONOR ROLL!!** Special congratulations to these fine students. But not everyone can make the honor roll. *However, every student is capable of trying their hardest to do their best.* A great place to start for the 2nd quarter is with our new Everyday Math on-line games to help students practice important math skills. Here's how the games can be played at homethere are good parent resources on this site too!

1. Go to www.emgames.com
2. Go to "At Home Student Login" (bottom left)
3. Enter the teacher's name
4. Enter the student's name
5. Enter Password
6. Launch Online Games

Contact your child's teacher if your child does not remember his/her password.

<u>Coming Up!</u>	
Christmas Ornament Lunch	Dec. 2
Progress Reports	Dec. 3
