

Things that we did the week of May 16

- Our week started off with a lot of excitement as our field trip finally arrived! With no rain in the forecast we had a beautiful sunny day at **Glacier Rock Farm**. It was so much fun seeing up close all the animals. We got to see goats, ducks, pigs, cows, horses, ponies, chickens, rabbits, turkeys, and even peacocks, llamas, emus, a hedgehog, and a chinchilla! Best of all, though, was riding the ponies, going on a wagon/tractor ride, picking up the chickens, and milking a cow!!! It turned out to be a pleasant and fun filled day!!!
- We continued discussing the **Farm** thinking that one might see a lot of spiders on a farm so it was the perfect opportunity to add two more **Nursery Rhymes** to our collection: "The Itsy Bitsy Spider" and "Little Miss Muffet".
- We ended our week by discussing **Butterflies**. We talked about symmetry, their colors, and the caterpillar/cocoon/butterfly process. We got to watercolor our own butterfly and design one with paint too to see how symmetry works. We all thought that was cool!!!
- It's also the time of year for **reviewing**. Our Nursery Rhyme collection is now complete so we spent some time going over each one (12 in all) and even had the chance to watch a Mother Goose video –many of the rhymes that we learned were on the show! Next week we'll begin practicing our songs for our Graduation (June 9th) and reviewing our numbers and letters too.
